- Website: www.shopease.in
- Customer Service: 1800-208-9898 (Toll-Free)
- Email: support@shopease.in
- Hours: 24/7 Customer Support
- Live Chat: Available on website and mobile app
- Mobile App: Available on Google Play Store and Apple App Store
- Headquarters: Koramangala, Bengaluru, Karnataka 560034

SECTION 1: RETURNS & EXCHANGE POLICY

1.1 Standard Return Period

Customers can return most items purchased from ShopEase within 7 days from the date of delivery. For certain product categories, an extended return window applies:

- Fashion & Apparel (clothing, footwear, accessories): 30-day return window
- Electronics & Appliances: 10-day return window
- Furniture & Large Items: 10-day return window
- Books, Stationery, and Media: 7-day return window
- Grocery & Gourmet: 24-hour return window (only for damaged/expired items)
- Jewellery (fine jewellery & precious stones): 10-day return window with conditions

The return period begins on the day the item is delivered to your address (as confirmed by delivery status), not the order date. All items must be returned in their original condition with all included accessories, tags, labels, and packaging materials intact.

For purchases made during our Big Festive Sale (October), Republic Day Sale (January), or Big Billion Days, the standard return policy of each category applies unless specifically stated otherwise in the sale terms.

1.2 Items That Cannot Be Returned

Certain items are not eligible for return due to hygiene, safety, perishability, or licensing reasons:

Innerwear, Lingerie & Swimwear: Due to hygiene reasons, innerwear, lingerie, swimwear, and similar intimate apparel cannot be returned once the sealed packaging has been opened or tags removed.

Personal Care & Beauty Products: Items such as perfumes, deodorants, skincare products, hair care products, and cosmetics cannot be returned once opened or used. Sealed/unopened products with intact packaging can be returned within the return window.

Grocery & Perishable Items: Fresh food, perishable goods, and grocery items can only be returned within 24 hours if they arrive damaged, expired, or are significantly different from what was ordered.

Customized & Personalized Products: Items that have been customized, engraved, embroidered, or personalized to your specifications cannot be returned unless they arrive defective or damaged.

Gift Cards & Vouchers: All gift cards, e-gift vouchers, shopping vouchers, and top-up cards are non-returnable and non-refundable.

Digital Products & Downloads: E-books, digital music, software licenses, online course subscriptions, and streaming subscriptions cannot be returned after activation or download.

Clearance, Final Sale & No-Return Items: Products marked as "Non-Returnable," "Final Sale," or "Clearance" in the product listing are sold without the option to return unless they arrive defective, damaged, or are materially different from the product listing.

Medicines & Health Supplements: Due to regulatory and safety reasons, pharmaceutical products and health supplements cannot be returned once delivered, unless they arrive damaged or expired.

Plants & Seeds: Live plants, seeds, and saplings are non-returnable once delivered unless damaged during transit.

1.3 Return Condition Requirements

To receive a full refund or exchange, returned items must meet the following conditions:

Original Condition: The product must be unused, unworn, unwashed, and in the same condition as received. Items should not show signs of wear, use, alteration, or damage beyond basic inspection to verify the product.

Tags & Labels Intact: For fashion and apparel items, all original tags (brand tags, price tags, barcodes, and ShopEase tags) must be attached and intact. Products returned with removed, missing, or swapped tags will not be accepted.

Original Packaging: All items must be returned in their original manufacturer's packaging, including branded boxes, dust bags, polybags, protective covers, and any branded accessories. If the original packaging is missing or significantly damaged, the return may be rejected or a partial refund may be issued.

Complete Accessories: Products must include all original accessories such as chargers, cables, remote controls, earphones, user manuals, warranty cards, freebies, and any promotional items that came with the purchase. Missing accessories will result in a deduction from the refund amount.

Serial Numbers & MRP Tags: For electronics, serial numbers, IMEI numbers, and MRP stickers must be intact and match the product records. Products with removed, scratched, or tampered serial numbers or IMEI stickers will not be accepted for return.

Data Removal: For electronic devices such as phones, tablets, and laptops, all personal data must be removed before returning. This includes performing a factory reset, logging out of all accounts (Google, Apple ID, Mi Account, Samsung account, etc.), removing SIM cards and memory cards, and erasing personal files. ShopEase is not responsible for any personal data left on returned devices.

1.4 Quality Check (QC) Process

All returned items go through a mandatory Quality Check (QC) at our warehouse or by the pickup agent:

Pickup QC: For certain high-value items (electronics, jewellery, premium fashion), the pickup delivery executive may perform a basic quality check at the time of pickup. This includes verifying the product, checking for completeness, and confirming it is in returnable condition.

Warehouse QC: After pickup, the item undergoes a detailed quality check at our warehouse. This check verifies the product's condition, completeness of accessories, authenticity, and whether it matches the return reason provided.

QC Outcomes:

- Approved: Return is accepted and refund/replacement is processed.
- Rejected: If the product fails QC (e.g., used product, missing parts, tampered item, different product returned), the return is rejected and the item is shipped back to you at no additional cost. No refund or replacement will be issued in this case.

If you disagree with a QC rejection, you can raise a dispute through the Help Centre or by calling customer support within 7 days of the rejection notification.

1.5 How to Initiate a Return

Step 1: Open the ShopEase App or Website
Log into your ShopEase account using your registered mobile number or email and password.

Step 2: Go to My Orders
Navigate to "My Account" and select "My Orders." Find the order containing the item you wish to return.

Step 3: Select the Item
Click on the specific item and tap/click the "Return" button.

Step 4: Choose Return Reason
Select the reason for your return from the dropdown menu. Options include: product is defective, wrong item delivered, item not as described, size/fit issue, quality not as expected, received damaged product, missing parts/accessories, changed my mind, better price available, or other.

Step 5: Upload Images (if applicable)
For defective, damaged, or wrong item claims, you will be asked to upload photos showing the issue. Clear photos help expedite your return request.

Step 6: Choose Refund Method
Select your preferred refund method:

- Refund to original payment method
- ShopEase Wallet credits (instant processing)
- Bank account (NEFT transfer)

Step 7: Schedule Pickup or Self-Ship
Choose your preferred return method:

- Scheduled Pickup: A delivery executive will come to your address to pick up the item. Select a convenient date and time slot.
- Self-Ship: For certain items or locations, you may need to ship the item yourself through an authorized courier partner. A prepaid return shipping label will be provided.
- Drop-off: Drop the package at a nearby ShopEase Drop Point or partner store location.

Step 8: Keep the Item Ready
Pack the item securely in its original packaging with all accessories. Keep it ready for the pickup executive on the scheduled date.

1.6 Return Shipping Costs

Free Return Pickup Is Provided For:

- Defective or malfunctioning items
- Items damaged during shipping
- Wrong items delivered by ShopEase or the seller

- Items that do not match their product listing or description
- Size/fit exchanges for fashion items (first exchange free)
- Missing parts or accessories from the original shipment

Self-Ship Returns:

- If scheduled pickup is not available in your area, you may need to self-ship the item. ShopEase will reimburse shipping costs up to ₹100 for returns due to seller/product faults (defective, damaged, wrong item). Reimbursement is credited to your ShopEase Wallet after the return is processed.
- For change-of-mind returns where self-ship is required, shipping costs are borne by the customer.

Reverse Pickup Not Available:
In some remote or non-serviceable pin codes, reverse pickup may not be available. In such cases, self-ship is the only option. The product page and return initiation flow will clearly indicate this.

1.7 Exchanges

ShopEase offers direct exchanges for certain product categories:

Fashion & Apparel Exchanges:
If you need a different size, colour, or variant of a clothing, footwear, or accessories item, you can request a direct exchange:

- Select "Exchange" instead of "Return" on the order page
- Choose the new size/colour/variant you want
- Schedule a pickup for the original item
- The replacement item will be shipped once the original is picked up and passes QC
- First exchange per order is free; subsequent exchanges follow standard return policy

Electronics & Other Categories:
Direct exchanges are not available for electronics and most other categories. If you wish to receive a different product, you must return the original item for a refund and place a new order.

Replacement for Defective Items:
If your item is defective within the return window, you may request a free replacement of the exact same product (same model, colour, and specifications). The replacement is shipped after the defective item is picked up. If the exact item is out of stock, a full refund will be issued instead.

1.8 Seller-Fulfilled vs. ShopEase-Fulfilled Returns

ShopEase Fulfilled (ShopEase Assured / Warehouse Items):
Items that are fulfilled by ShopEase warehouses have a streamlined return process with guaranteed pickup and faster refund processing.

Seller-Fulfilled Items:
Items shipped directly by sellers may have slightly different return processes:

- The seller's return policy is displayed on the product page
- Some sellers may offer only replacement, not refund
- Return pickup availability depends on the seller's courier arrangements
- Refund processing may take slightly longer (additional 2-3 business days)

Always check the return policy on the product page before purchasing, as it may vary by seller.

1.9 Defective and Damaged Items

If you receive an item that is defective, damaged, or not working properly:

Reporting Timeline: Report the issue as soon as possible, ideally within 48 hours of delivery. All defective/damaged claims must be made within the applicable return window.

Reporting Process:

1. Go to "My Orders" and select the item
2. Click "Return" and select the appropriate reason (defective/damaged)
3. Upload clear photos or a short video showing the defect or damage
4. Include photos of the outer packaging if the damage appears to be from shipping
5. Submit the return request

Resolution Options:

- Full refund to your original payment method or ShopEase Wallet
- Free replacement of the same item (subject to availability)
- Return pickup is free for all defective and damaged item returns

Important: Do not discard the damaged item, packaging, or any accessories until the return is fully processed and refund/replacement is confirmed.

1.10 Wrong Item Received

If ShopEase or the seller shipped you an incorrect item:

1. Report within the return window (preferably within 48 hours)
2. Go to "My Orders," select the item, click "Return," and choose "Wrong item delivered"
3. Upload photos of the item received (showing it differs from what you ordered)

4. A free return pickup will be arranged
5. You can choose a full refund or request the correct item to be shipped

For ShopEase Assured items, the correct item (if in stock) will be shipped via priority delivery. For seller-fulfilled items, resolution depends on the seller's stock availability.

SECTION 2: REFUND POLICY

2.1 Refund Processing Time

Once ShopEase receives your returned item and it passes the Quality Check (QC), your refund will be processed. The total time from return pickup to refund appearing in your account includes:

Pickup to Warehouse: 2-5 business days (depending on your location)
QC Inspection: 1-2 business days after item reaches warehouse
Refund Processing: After QC approval, refund timeline depends on the refund method:

Refund Method	Processing Time
ShopEase Wallet / Store Credits	Instant (within 2 hours of approval)
UPI (Google Pay, PhonePe, etc.)	1-3 business days
Credit Card	5-7 business days
Debit Card	5-7 business days

Net Banking	5-7 business days
EMI (Credit Card EMI)	7-10 business days
Pay Later / Cardless EMI	5-10 business days
Cash on Delivery (COD)	3-5 business days (to bank account or wallet)
NEFT to Bank Account	5-7 business days

Note: The above timelines are from the date of refund initiation by ShopEase. Your bank or financial institution may take additional time to reflect the credit in your statement.

2.2 Refund Amounts

Full Refund Includes:

- Original purchase price of the item (including any discounts applied)
- Applicable taxes (GST) paid on the item
- Shipping/delivery charges (if the return is due to seller/product fault)
- Convenience fees (if any were charged)

Deductions from Refund:

- Shipping charges are not refunded for change-of-mind returns
- Missing accessories or damaged packaging will result in a proportional deduction
- If the item was purchased with a coupon/offer, the refund reflects the actual amount paid (not the MRP)

COD (Cash on Delivery) Refunds:
For orders paid via Cash on Delivery, refunds are processed to:

- Your ShopEase Wallet (fastest option)
- Your bank account via NEFT (you will need to provide bank details: account number, IFSC code, account holder name)

If you haven't added bank details, you'll be prompted to add them when initiating the return.

2.3 Partial Refunds

In some cases, ShopEase may issue a partial refund:

Missing Accessories or Components: If accessories, chargers, cables, manuals, freebies, or original packaging are missing, the replacement cost will be deducted from your refund. For example, if a phone is returned without the charger, ₹500-₹1,000 may be deducted.

Tags Removed (Fashion Items): Fashion items returned with removed brand tags, ShopEase tags, or price tags may receive only a partial refund or be rejected entirely.

Signs of Use: Items showing signs of washing, wearing, use, installation, or alteration beyond basic inspection may receive a partial refund. The deduction depends on the extent of use or damage.

Packaging Damage: If original manufacturer packaging (branded box, dust bag, branded wrapping) is missing or significantly damaged, a deduction of 10-20% may be applied.

Late Returns: Items returned after the standard return window but accepted at ShopEase's discretion may receive a partial refund (typically 50-80% of the purchase price).

You will be notified before any partial refund is processed, with details of the deduction and the reason. You will have the option to accept the partial refund or have the item shipped back to you.

2.4 Refund to ShopEase Wallet

Choosing ShopEase Wallet refund offers several advantages:

- Instant Credit: Wallet refunds are processed within 2 hours of return approval (no waiting for bank processing)
- Universal Use: Wallet balance can be used for any purchase across all categories on ShopEase
- Combinable: Wallet balance can be combined with other payment methods (UPI, cards, net banking) at checkout
- No Expiry: ShopEase Wallet balance does not expire
- COD Friendly: Easiest refund option for COD orders (no bank details needed)

Your wallet balance is visible on the ShopEase app and website under "My Account" > "ShopEase Wallet."

2.5 No Refund Situations

Refunds will not be issued in the following circumstances:

- Items returned after the applicable return window has expired
- Non-returnable items (as listed in Section 1.2)
- Items that fail Quality Check (used, damaged by customer, tampered, different item returned)
- Products with removed, altered, or mismatched serial numbers or IMEI numbers
- Items returned without initiating a return request through the app/website
- Fraudulent return patterns or return abuse (excessive returns with manipulated products)
- Items where the customer has filed a chargeback or payment dispute with their bank while the return is being processed

If your return does not qualify for a refund, the item will be shipped back to you at no additional cost.

SECTION 3: SHIPPING & DELIVERY POLICY

3.1 Delivery Options and Estimated Times

ShopEase offers multiple delivery options depending on your pin code and the product:

Standard Delivery:

- Delivery Time: 4-7 business days
- Cost: FREE on orders ₹499 and above (across most categories); ₹40-₹70 for orders below ₹499
- Details: Shipped via ShopEase Logistics (Ekart) or partner courier services
- Tracking: Included with all shipments

Express Delivery:

- Delivery Time: 1-2 business days
- Cost: ₹99-₹149 (varies by pin code and product)
- Availability: Select pin codes in metro cities and Tier 1 cities
- Tracking: Real-time tracking with live delivery updates

Same-Day Delivery:

- Delivery Time: Same day (order before 12:00 PM)
- Cost: ₹199
- Availability: Select products in Bengaluru, Mumbai, Delhi NCR, Hyderabad, Chennai, Kolkata, and Pune
- Details: Items marked with "Same Day Delivery" badge on the product page

Scheduled Delivery:

- Available for large items (furniture, appliances, fitness equipment)
- Choose a preferred delivery date within a 3-7 day window
- Delivery is scheduled in a 3-hour time slot
- Available in select cities

ShopEase Grocery Delivery:

- Delivery Time: 10 minutes to 2 hours (based on location)
- Availability: Select areas in metro cities
- Minimum Order: ₹99
- Free Delivery: On orders above ₹199

All delivery times are estimates and begin counting from the ship date (when the item leaves the warehouse/seller), not the order date. Business days are Monday through Saturday (except national holidays). Sunday deliveries are available in some metro areas.

3.2 Order Processing and Dispatch Times

ShopEase Fulfilled / Assured Items:

- Orders placed before 2:00 PM are typically dispatched the same day
- Orders placed after 2:00 PM are dispatched the next business day
- You will receive a dispatch confirmation via SMS, email, and app notification with tracking details

Seller-Fulfilled Items:

- Sellers typically dispatch within 1-3 business days
- Dispatch timelines are displayed on the product page under "Dispatched in X days"
- If a seller fails to dispatch within the committed timeline, you can cancel the order for a full refund

Pre-Order Items:

- Items available for pre-order will display the expected dispatch/delivery date on the product page

- Payment is collected at the time of pre-order
- You can cancel a pre-order anytime before dispatch for a full refund

Made-to-Order / Handcrafted Items:

- Custom and handcrafted products may take 7-15 business days for dispatch
- The dispatch timeline is clearly mentioned on the product page

3.3 Order Tracking

Every shipment from ShopEase includes comprehensive tracking:

App Notifications: Real-time push notifications on the ShopEase app for key milestones: order confirmed, packed, dispatched, in transit, out for delivery, and delivered.

SMS Updates: Automatic SMS notifications at every stage of delivery to your registered mobile number.

Email Updates: Detailed email notifications with tracking number and direct tracking link.

In-App Live Tracking: For orders that are "Out for Delivery," you can track the delivery executive's live location on a map within the ShopEase app (available in select cities).

Track via Website: Log into your ShopEase account, go to "My Orders," and click "Track" next to any order to view detailed tracking information.

Tracking Updates Delay: Tracking information typically updates at each logistics hub. If tracking shows no movement for more than 48 hours, contact customer support with your order ID.

3.4 Delivery Address Changes

Before Dispatch:
You can change your delivery address anytime before the item is dispatched:

1. Go to "My Orders" in the app or website
2. Select the order
3. Click "Change Address" (if available)
4. Select an existing saved address or enter a new one
5. Confirm the change

After Dispatch:
Once an order has been dispatched, the delivery address cannot be changed through the app or website. However:

- Contact customer support immediately; in some cases, we can coordinate with the logistics team to update the address if the shipment hasn't reached the local hub yet
- This is not guaranteed and depends on the logistics partner and stage of transit

Important: Providing an incorrect or incomplete address may lead to delivery failure. If a package is returned to the seller due to an incorrect address, a refund will be processed (shipping charges may not be refunded for non-fault returns).

3.5 Delivery to Different Pin Codes & Serviceability

Pin Code Check: Before placing an order, enter your pin code on the product page to check:

- Whether the product is deliverable to your location
- Estimated delivery date
- Available delivery options (standard, express, same-day)
- Cash on Delivery availability

Non-Serviceable Pin Codes: Some remote or restricted areas may not be serviceable for delivery. If a pin code is not serviceable, it will be clearly indicated on the product page.

Partial Serviceability: Some pin codes may support standard delivery but not express or same-day delivery. COD (Cash on Delivery) may not be available at all pin codes.

3.6 Delivery Issues and Missing Packages

Order Shows Delivered But Not Received:
If the tracking status shows "Delivered" but you haven't received the package:

1. Check with household members, neighbours, and security guards: The package may have been accepted by someone else at your address
2. Check alternate delivery spots: Look around your door, with the building reception, security cabin, or watchman
3. Verify OTP delivery: For high-value items, delivery requires OTP verification. If OTP was shared, confirm who received it
4. Wait 24 hours: In rare cases, a package may be marked delivered slightly before actual delivery
5. Contact ShopEase Support: If still not found after 24 hours, raise a complaint through the app ("My Orders" > Select Order > "Need Help") or call 1800-208-9898

We will investigate with our logistics team. If the delivery cannot be confirmed, we will process a full refund or send a replacement at no cost.

Failed Delivery Attempts:
If the delivery executive cannot reach you or you are unavailable:

- The executive will attempt delivery again the next day (up to 3 attempts in most areas)
- You will receive SMS/app notifications about failed attempts
- After 3 failed attempts, the package is returned to the seller/warehouse
- A full refund is processed for prepaid orders; no charge for COD orders

Package Theft:
While ShopEase is not responsible for packages stolen after confirmed and verified delivery, we review each case individually. To minimize risk:

- Enable OTP-based delivery for all orders (available in account settings)
- Provide delivery instructions for safe placement
- Request delivery to a secure location (office, neighbour, building reception)

3.7 Damaged Packages and Shipping Damage

At the Time of Delivery:
If you notice the outer packaging is significantly damaged, torn, or tampered with:

- You may refuse to accept the delivery and ask the delivery executive to return it
- If you accept, take photos and videos of the damaged packaging immediately before opening
- Open the package carefully and inspect the contents
- If the product inside is damaged, photograph the damage immediately

Reporting Shipping Damage:

1. Report within 48 hours of delivery
2. Go to "My Orders" > Select the item > "Return" or "Need Help"
3. Select "Damaged product" as the reason
4. Upload clear photos of the outer packaging damage and the damaged product
5. Do not discard the damaged item or packaging

Resolution: You will receive a full refund or free replacement (your choice, subject to availability). Return pickup is free for all damaged item returns.

3.8 Shipment Delays

Common Causes of Delays:

- Natural disasters, floods, heavy rains, or extreme weather
- Public holidays, national/state bandh, or strikes
- High-volume periods (festive sales, end-of-season sales)
- Remote or hard-to-reach delivery locations
- Customs clearance (for international sellers)
- Logistics hub congestion

- Incorrect/incomplete address or phone number

If Your Order Is Delayed:

- Check tracking status in the app for the latest update
- If tracking shows no update for more than 48 hours, contact customer support
- For orders delayed more than 5 days beyond the estimated delivery date, you can:
    - Choose to continue waiting
    - Cancel the order for a full refund (including shipping charges)

Late Delivery Compensation: ShopEase does not currently offer compensation for late deliveries. However, if you paid for express or same-day delivery and it was not delivered within the promised timeframe, the delivery fee will be refunded.

3.9 Cash on Delivery (COD)

COD Availability:

- Available for orders up to ₹50,000 (limit may vary by pin code and product)
- Not available for all pin codes (check product page for availability)
- Not available for certain categories: digital products, gift cards, precious jewellery above ₹25,000
- Some sellers may not offer COD

COD Charges:

- ₹0 for most orders above ₹499
- ₹20-₹50 convenience fee for orders below ₹499 (displayed at checkout)

Payment at Delivery:

- Pay the delivery executive via cash or card swipe (POS machine)
- Some delivery executives also accept UPI payments at the door
- Exact change is appreciated; delivery executives may not carry change for large denominations

COD Order Verification:
For first-time COD orders or orders to new addresses, ShopEase may send a verification call or SMS to confirm the order. Unverified orders may be automatically cancelled.

3.10 Open Box Delivery (OBD)

For high-value items, ShopEase offers Open Box Delivery in select locations:

How It Works:

1. The delivery executive opens the package in front of you
2. You verify the product (correct item, no damage, all accessories present)
3. If everything is satisfactory, accept the delivery
4. If the product is damaged, defective, or incorrect, refuse the delivery on the spot

Available For:

- Mobile phones above ₹5,000
- Electronics above ₹10,000
- Select high-value items

Availability: Select cities and pin codes (indicated on the product page as "Open Box Delivery Available")

SECTION 4: PAYMENT & PRICING

4.1 Accepted Payment Methods

ShopEase accepts a wide range of payment methods:

Cards:

- Credit Cards (Visa, Mastercard, American Express, RuPay, Diners Club)
- Debit Cards (Visa, Mastercard, RuPay, Maestro)

UPI:

- Google Pay, PhonePe, Paytm UPI, BHIM UPI, Amazon Pay UPI, and all UPI-enabled apps
- UPI ID direct entry

Net Banking:

- All major Indian banks (SBI, HDFC, ICICI, Axis, Kotak, PNB, Bank of Baroda, and 50+ others)

Wallets:

- ShopEase Wallet
- Paytm Wallet
- PhonePe Wallet
- Mobikwik

EMI Options:

- Credit Card EMI (3, 6, 9, 12, 18, 24 months)
- Debit Card EMI (select banks: HDFC, ICICI, Axis, SBI, Kotak)
- Cardless EMI (Bajaj Finserv, ZestMoney, ShopEase Pay Later)
- No-Cost EMI available on select products (interest is borne by the seller/brand)

Pay Later:

- ShopEase Pay Later (buy now, pay next month with no interest)
- Simpl Pay Later
- LazyPay

Cash on Delivery (COD):

- Available at select pin codes (see Section 3.9)

Gift Cards:

- ShopEase Gift Cards can be used as full or partial payment
- Combinable with other payment methods

4.2 No-Cost EMI

What Is No-Cost EMI?
No-Cost EMI allows you to pay in easy monthly instalments without paying any additional interest. The interest amount is offered as an upfront discount on the product price.

Eligibility:

- Available on select products (marked with "No-Cost EMI" badge)
- Available on credit cards from select banks
- Minimum order value applies (varies by tenure and bank)

Tenures Available: 3, 6, 9, 12 months (varies by product and bank)

How It Works:

1. Add the product to cart
2. At checkout, select "EMI" as payment method
3. Choose your card and preferred tenure
4. The monthly instalment amount and any applicable discount will be shown
5. Complete the payment

Cancelling EMI Orders: If you return an item purchased on EMI, the refund is processed to your credit card. The EMI will be cancelled by your bank within 5-7 business days. You may need to contact your bank to confirm EMI cancellation and reversal of interest charges (if any).

4.3 Pricing & Offers

Product Pricing:

- All prices on ShopEase are listed in Indian Rupees (₹) and are inclusive of GST
- MRP (Maximum Retail Price) and ShopEase selling price are both displayed
- The discount percentage is calculated on MRP

Coupons & Promo Codes:

- Enter coupon codes at checkout in the "Apply Coupon" field
- Only one coupon can be applied per order (unless specifically stated otherwise)
- Coupons are case-sensitive and have expiry dates
- Some coupons have minimum order value requirements
- Coupons cannot be applied on select categories or products (as mentioned in the coupon terms)

Bank Offers:

- Additional discounts on payments made with specific bank cards (e.g., "10% instant discount on HDFC credit cards")
- Bank offers are applied automatically at checkout when using the eligible card
- Bank offers have maximum discount caps
- Bank offers can usually be combined with coupons and seller offers

Combo Offers & Bundles:

- Some products offer "Buy 2, Get 10% off" or bundle deals
- Combo pricing is automatically applied when eligible items are in the cart
- If any item from a combo is returned, the discount may be adjusted proportionally

4.4 Price Drop After Purchase

If the price of an item you purchased drops within 3 days of your order date:

- Currently, ShopEase does not offer automatic price adjustment or price protection
- You may return the item (if within the return window) and re-order at the new lower price
- For seller-fulfilled items, price changes are at the seller's discretion

ShopEase SuperCoins:

- ShopEase does not have a formal price match policy
- However, you earn SuperCoins on purchases which can be used for future discounts (see Section 6: Loyalty Program)

4.5 Payment Failures & Pending Payments

Payment Failed But Money Deducted:
If your payment fails but the amount is debited from your account:

- In most cases, the amount is automatically reversed within 5-7 business days
- Check your order status: if the order is confirmed, payment was successful
- If the order shows "Failed" or "Cancelled," the refund will be processed automatically
- If the amount is not reversed within 7 business days, contact customer support with:
    - Order ID (if available)
    - Transaction reference number from your bank/UPI app
    - Screenshot of the debit transaction

Pending COD Payment:
If you selected COD but want to switch to prepaid:

- Go to "My Orders" > Select the order > "Pay Now"
- Complete payment using any available online method
- This can be done anytime before the order is dispatched

SECTION 5: ORDER MANAGEMENT

5.1 Placing an Order

Creating an Account:
Creating a ShopEase account is free and takes less than a minute:

1. Open the ShopEase app or visit www.shopease.in
2. Click "Sign Up" / "Login"
3. Enter your mobile number
4. Verify via OTP (One-Time Password) sent to your number
5. Optionally add your email address and name

Guest Checkout: ShopEase does not support guest checkout. An account with a verified mobile number is required to place orders for order tracking, delivery coordination, and security purposes.

Adding Items to Cart:

- Browse products by category, brand, or search
- Select your desired item, choose variants (size, colour, storage, etc.)
- Click "Add to Cart" or "Buy Now" (for immediate checkout)
- Cart items are saved and synced across devices

Applying Coupons:

- On the cart page, click "Apply Coupon"
- Browse available coupons or enter a code manually
- The discount will be reflected in the order total

Completing Checkout:

1. Review your cart items and quantities
2. Select or add a delivery address
3. Choose delivery option (standard, express, etc.)
4. Select payment method
5. Apply any eligible offers
6. Review order total and click "Place Order"

You will receive an order confirmation via SMS, email, and app notification with your order ID.

5.2 Modifying Your Order

Before Dispatch:
Limited modifications are available before the order is dispatched:

- Change delivery address: Go to "My Orders" > Select order > "Change Address" (if the option is visible)
- Quantity changes: Not supported after order placement; cancel and re-order

Time Limit: Address changes can typically be made within 30 minutes to 1 hour of order placement. After that, the order moves to the processing/packing stage and cannot be modified.

After Dispatch: No modifications are possible once the order has been dispatched. You will need to accept delivery and initiate a return if needed.

Contact Customer Support: If you need urgent changes, contact customer support immediately via phone or chat. We may be able to assist if the order hasn't entered the packing stage.

5.3 Cancelling Your Order

Cancellation Before Dispatch:
You can cancel any order (or individual items within an order) before it is dispatched:

1. Go to "My Orders" in the app or website
2. Select the order you want to cancel
3. Click "Cancel" next to the item or entire order
4. Select a cancellation reason
5. Confirm cancellation

Refund for Cancelled Orders:

- Prepaid Orders: Refund is processed within 3-5 business days to the original payment method (or instantly to ShopEase Wallet)
- COD Orders: No charge was collected, so no refund is needed
- EMI Orders: EMI is cancelled and any amount charged is refunded to the credit card within 7-10 business days

Cancellation After Dispatch:
Once an order has been dispatched, it cannot be cancelled through the app. Options:

- Refuse Delivery: You can refuse the package when the delivery executive arrives. The item will be returned and a refund processed
- Return After Delivery: Accept the package and initiate a standard return
- Contact Support: In some cases, customer support can initiate a return-to-origin (RTO) if the package hasn't reached the last-mile hub

Seller Cancellations:
Occasionally, a seller may cancel your order due to:

- Item being out of stock
- Pricing errors on the listing
- Inability to ship to your location
- Product discontinued

In such cases, you will be notified immediately, and a full refund will be processed automatically. ShopEase apologizes for any inconvenience caused by seller cancellations.

Cancellation Limits:
Excessive cancellations may affect your account standing. If ShopEase detects a pattern of frequent cancellations (especially COD orders), your account may be:

- Restricted from COD orders temporarily
- Required to complete prepaid orders only
- Flagged for review

5.4 Order Issues and Errors

Wrong Item Received:
See Section 1.10 for detailed process.

Missing Items from Order:
If your order contained multiple items but one or more items are missing:

- Check if the items are being shipped separately (multi-shipment orders show separate tracking for each item)

- Check "My Orders" for individual item tracking
- If tracking shows all items delivered but some are missing, contact support within 48 hours with your order ID
- Missing items will be reshipped or refunded at no cost

Wrong Quantity Received:
If you received more or fewer items than ordered, contact customer support with:

- Order ID
- Photo of the items received
- Photo of the packing slip (if available)

We will resolve the discrepancy at no cost to you.

Empty or Tampered Package:
If you receive a package that appears empty, has been opened, or shows signs of tampering:

- Take photos/video of the package from all angles before and after opening
- Do not discard the packaging
- Report immediately through "My Orders" > "Need Help" or call customer support
- An investigation will be initiated and resolved within 7-10 business days

---

SECTION 6: SHOPEASE LOYALTY PROGRAM (SuperCoins)

6.1 About SuperCoins

ShopEase SuperCoins is our loyalty rewards program that lets you earn coins on every purchase and redeem them for discounts, products, and partner offers.

Earning SuperCoins:

- Earn SuperCoins on every prepaid order (not available on COD orders)
- Earning rate: Typically 2-4 SuperCoins per ₹100 spent (varies by category and ShopEase Plus membership)
- Bonus SuperCoins on select products (marked on the product page)
- SuperCoins are credited after the return window for the order has expired

Redeeming SuperCoins:

- Use SuperCoins to get discounts on future orders
- Redeem for partner offers (OTT subscriptions, food delivery credits, travel discounts, etc.)

- Exchange for ShopEase Gift Cards
- Use in the SuperCoin Zone for exclusive deals and products

SuperCoin Value: 1 SuperCoin = ₹1 (when used for ShopEase purchases or select offers)

Expiry: SuperCoins expire 12 months from the date of credit. Check your SuperCoin balance and expiry dates under "My Account" > "SuperCoins."

6.2 ShopEase Plus Membership

ShopEase Plus is our premium membership program offering enhanced benefits:

Benefits:

- Free delivery on all orders (no minimum order value)
- Early access to sales and new launches
- Extra SuperCoins earning (higher earning rate)
- Priority customer support
- Exclusive member-only deals and prices
- Free/discounted subscriptions to partner services

Pricing: ₹999 per year (may vary with promotional pricing)

How to Subscribe:

1. Go to "My Account" > "ShopEase Plus"
2. Select the membership plan
3. Complete payment
4. Benefits are activated immediately

Cancellation: ShopEase Plus membership can be cancelled within 15 days for a full refund if no Plus benefits have been used. After 15 days, the membership is non-refundable but remains active until the subscription period ends.

SECTION 7: ACCOUNT MANAGEMENT

7.1 Creating and Managing Your Account

Account Creation:

1. Download the ShopEase app or visit www.shopease.in
2. Click "Login/Sign Up"

3. Enter your mobile number
4. Enter the OTP received on your phone
5. Account is created instantly

Adding Profile Details:

- Go to "My Account" > "Profile"
- Add or update your name, email address, gender, and date of birth
- Adding email enables order confirmations and promotional emails
- Date of birth enables birthday-specific offers

Account Dashboard:
Your account provides access to:

- My Orders (order history, tracking, returns)
- My Wishlist (saved items)
- My Addresses (saved delivery addresses)
- My Wallet (ShopEase Wallet balance)
- SuperCoins (balance and history)
- My Coupons (available offers and promo codes)
- ShopEase Plus (membership status)
- Notifications (order updates, offers)
- Settings (preferences, security)

7.2 Password and Security

Login Methods:
ShopEase primarily uses OTP-based login via mobile number for security:

- Enter your registered mobile number
- Receive and enter the OTP
- You're logged in

Password Login (Optional):
You can set a password for your account as an alternative to OTP:

1. Go to "Account Settings" > "Security"
2. Set a password (minimum 8 characters with at least one number and one special character)
3. You can now log in with either OTP or password

Account Security Tips:

- Never share your OTP with anyone (ShopEase will never ask for your OTP via call or message)
- Use a strong, unique password if you enable password login
- Log out from shared or public devices

- Report suspicious account activity immediately to support@shopease.in

Suspicious Activity:
If you notice unauthorized orders, address changes, or password changes on your account:

1. Change your password immediately
2. Contact customer support to temporarily freeze your account
3. Review recent orders and report any unauthorized transactions

7.3 Managing Saved Addresses

Adding an Address:

1. Go to "My Account" > "My Addresses"
2. Click "Add New Address"
3. Enter: Name, phone number, pin code, house/flat/building, street/area/colony, city, state
4. Select address type: Home / Office / Other
5. Save

You can save up to 10 addresses and set any one as the default delivery address.

Editing/Deleting Addresses:

- Click the "Edit" or "Delete" icon next to any saved address
- Deleting an address does not affect any orders already placed to that address

7.4 Email and Notification Preferences

Order Notifications (Cannot be disabled):

- Order confirmation
- Dispatch and shipping updates
- Delivery confirmation
- Return and refund status updates
- Payment confirmations

Promotional Notifications (Can be customized):

- Sale announcements and deal alerts
- Personalized product recommendations
- Price drop alerts on wishlist items
- New arrivals in your preferred categories
- SuperCoin offers and expiry reminders

Managing Preferences:

- Go to "My Account" > "Notification Settings"
- Toggle on/off for SMS, email, push notifications, and WhatsApp updates
- You can unsubscribe from marketing emails by clicking "Unsubscribe" at the bottom of any promotional email

7.5 Deactivating or Deleting Your Account

Account Deactivation:
If you wish to temporarily stop using ShopEase:

- Contact customer support to deactivate your account
- Your order history, wallet balance, and SuperCoins will be preserved
- You can reactivate anytime by logging in again

Account Deletion (Permanent):
To permanently delete your ShopEase account:

1. Go to "My Account" > "Settings" > "Delete Account"
2. Confirm your decision
3. Account deletion is processed within 30 days

Important notes about deletion:

- All pending orders must be delivered/cancelled before deletion
- Any ShopEase Wallet balance and SuperCoins will be forfeited
- Gift card balances associated with the account will be lost
- Order history and account data will be permanently erased per our data privacy policy
- You can create a new account with the same mobile number after deletion, but it will be a fresh account

---

SECTION 8: CUSTOMER SUPPORT

8.1 How to Contact Us

24/7 Customer Support Channels:

Channel	Details	Availability

Phone	1800-208-9898 (Toll-Free)	24/7
In-App Chat	"Help" section in ShopEase app	24/7
Email	support@shopease.in	Response within 24 hours
WhatsApp	+91 80-4980-9898	24/7 (automated + live agent)
Social Media	@ShopEaseSupport on Twitter/X	9 AM - 9 PM IST
Help Centre	help.shopease.in	Self-service articles 24/7

Self-Service Options:
Most common issues can be resolved without contacting support:

- Track your order: "My Orders" > Select order > "Track"
- Initiate a return: "My Orders" > Select item > "Return"
- Cancel an order: "My Orders" > Select order > "Cancel"
- Check refund status: "My Orders" > Select item > "Refund Status"
- Download invoice: "My Orders" > Select order > "Download Invoice"

8.2 Raising a Complaint / Escalation

If your issue is not resolved to your satisfaction:

Level 1 – Customer Support:
Contact through any channel listed above. Most issues are resolved at this level within 24-48 hours.

Level 2 – Senior Support:
If not resolved, ask for escalation to a senior support agent. You can also email escalation@shopease.in with your complaint reference number.

Level 3 – Grievance Officer:
If still unresolved after 7 days, contact our Grievance Officer:

- Name: Rahul Mehta, Grievance Officer
- Email: grievance@shopease.in
- Response Time: Within 48 hours of receiving the complaint
- Resolution Time: Within 30 days as per IT Act, 2000

8.3 Frequently Asked Questions (Quick Reference)

Question	Answer
How do I track my order?	Go to My Orders > Select order > Track
When will I get my refund?	3-7 business days after return approval (instant for wallet)
Can I change my delivery address?	Only before dispatch; go to My Orders > Change Address
How do I cancel an order?	My Orders > Select order > Cancel (before dispatch only)
Is COD available?	Check pin code on product page; available up to ₹50,000

How do I apply a coupon?	At checkout, click "Apply Coupon" and enter code
What is ShopEase Wallet?	A digital wallet for instant refunds and payments
How do I contact support?	Call 1800-208-9898 or use in-app chat
Can I return an item without packaging?	Original packaging is required; missing packaging may lead to partial refund or rejection
What if I receive a fake/counterfeit product?	Report immediately via Help Centre; full refund and investigation will follow

---

SECTION 9: SELLER POLICIES & PRODUCT AUTHENTICITY

9.1 Product Authenticity

ShopEase Assured / Genuine Products:
Products marked with the "ShopEase Assured" badge are quality-checked and guaranteed to be:

- 100% authentic and genuine
- In original, undamaged packaging
- Complete with all accessories and warranty

Counterfeit/Fake Product Reporting:
If you suspect a product is counterfeit or fake:

1. Do not use or consume the product
2. Go to "My Orders" > Select item > "Report Issue" > "Suspected counterfeit"
3. Upload photos of the product, packaging, MRP tag, and any authenticity markers
4. A full refund will be processed and the matter will be investigated

ShopEase has a zero-tolerance policy for counterfeit products. Sellers found selling counterfeit goods are permanently banned from the platform.

9.2 Seller Ratings and Reviews

Product Reviews:

- You can review any product you have purchased
- Reviews can include text, photos, and star ratings (1-5)
- Reviews are published after moderation (typically within 24-48 hours)
- Abusive, irrelevant, or fake reviews will be removed

Seller Ratings:

- Sellers are rated based on order fulfillment, product quality, response time, and customer feedback
- Seller ratings are visible on the product page
- Low-rated sellers may be removed from the platform

This policy guide covers the most common customer inquiries. For specific situations not covered here, please contact ShopEase customer support. Policies are subject to change; the most current version is always available at help.shopease.in.

ShopEase – Shop Smart, Shop Easy!

Now, here is the training data — a set of sample customer emails and ideal chatbot responses based on the above policy document:

TRAINING DATA: Customer Email & Chatbot Response Pairs

Pair 1: How to return an item

Customer Email:
"Hi, I ordered a kurta set from ShopEase last week and it doesn't fit me properly. The size is too loose. How can I return it? Is there any charge?"

Chatbot Response:
"Hi there! Sorry to hear the kurta set didn't fit as expected. You can easily initiate a return since fashion & apparel items have a 30-day return window from the date of delivery.

Here's how to return it:

1. Open the ShopEase app or website and go to 'My Orders'
2. Select the kurta set order and tap 'Return'
3. Choose 'Size/fit issue' as the return reason
4. Select your preferred refund method (original payment method, ShopEase Wallet, or bank account)
5. Schedule a free pickup – a delivery executive will come to your address to collect the item

Please make sure the kurta is unused, unwashed, and has all original tags attached, and it's in its original packaging.

Alternatively, you can also choose 'Exchange' instead of 'Return' if you'd like a different size of the same kurta! The first exchange is free for fashion items.

There's no return shipping charge for size-related returns. If you have any more questions, feel free to ask!"

Pair 2: Refund not received

Customer Email:
"I returned a pair of shoes 10 days ago and the pickup was done. But I still haven't received my refund. My order ID is SE-9847362. Can you check what's happening?"

Chatbot Response:
"Hi! Thank you for reaching out about your refund for order SE-9847362.

After a return pickup, here's the typical refund timeline:

- The item travels from your location to our warehouse: 2-5 business days
- Quality Check (QC) at the warehouse: 1-2 business days
- Refund processing after QC approval depends on your payment method:
    - ShopEase Wallet: Instant (within 2 hours)
    - UPI: 1-3 business days
    - Credit/Debit Card: 5-7 business days
    - Net Banking: 5-7 business days

Since it has been 10 days since pickup, your refund should have been initiated by now. You can check the latest status by going to 'My Orders' > selecting the shoes order > 'Refund Status.'

If the status shows 'Refund Initiated,' the amount is being processed by your bank and should appear within 2-3 more business days. Sometimes banks take additional time to reflect the credit in your statement.

If the refund status is still showing 'Return in Progress' or you don't see any update, I'd recommend contacting our support team at 1800-208-9898 or using the in-app chat with your order ID so they can investigate further. We're here to help!"

Pair 3: Cancel an order

Customer Email:
"I just placed an order for a backpack 15 minutes ago but I want to cancel it. Order number SE-2039471. How do I do this?"

Chatbot Response:
"Hi! No worries — since you placed the order just 15 minutes ago, you should be able to cancel it easily before it's dispatched. Here's how:

1. Go to 'My Orders' in the ShopEase app or website
2. Find order SE-2039471
3. Click 'Cancel' next to the backpack
4. Select a cancellation reason and confirm

There's no cancellation fee, and if you paid online (UPI, card, net banking), your refund will be processed within 3-5 business days to your original payment method. If you'd prefer, you can choose ShopEase Wallet for an instant refund. If it was a COD order, no charge was collected so no refund is needed.

Please note that orders can only be cancelled before dispatch. Since you just placed it, the option should be available right now. If for some reason you don't see the cancel option, it may have already moved to the packing stage — in that case, contact our support team immediately at 1800-208-9898 and we'll try to stop it.

Let me know if you need any more help!"

Pair 4: Order tracking

Customer Email:
"Where is my order? I ordered a phone cover 5 days ago and there's no update. Order ID: SE-3748291."

Chatbot Response:
"Hi! I understand the concern about not seeing updates on your order SE-3748291.

You can track your order anytime by going to 'My Orders' in the ShopEase app or website, selecting the order, and tapping 'Track.' This will show you the real-time status of your shipment.

A few things to keep in mind:

- Standard delivery typically takes 4-7 business days from the dispatch date (not the order date)
- If the item is seller-fulfilled, sellers may take 1-3 business days to dispatch
- Tracking updates happen at each logistics hub, so it's normal to see no movement for 24-48 hours during transit

If tracking shows the item has been dispatched but there's been no update for more than 48 hours, or if it's been more than 7 business days since you ordered and you still haven't received it, I'd recommend contacting our support team at 1800-208-9898 or using the in-app chat. They can investigate with the logistics partner right away.

You'll also receive SMS and app notifications when the item is out for delivery. Hope your phone cover reaches you soon!"

Pair 5: Wrong item received

Customer Email:
"I ordered a blue cotton saree but received a red polyester one instead. This is completely wrong. I want the correct item. Order ID SE-5029384."

Chatbot Response:
"Hi! I'm really sorry that you received the wrong saree. That's definitely not the experience we want you to have.

Since you received an incorrect item, here's what you can do:

1. Go to 'My Orders' in the app or website
2. Select order SE-5029384 and tap 'Return'
3. Choose 'Wrong item delivered' as the reason
4. Upload clear photos of the saree you received (showing it's different from what you ordered)
5. Schedule a free return pickup

You can choose either:

- A full refund to your original payment method or ShopEase Wallet
- A replacement of the correct blue cotton saree (subject to availability)

Return pickup is completely free for wrong item deliveries. If the item is ShopEase Assured, the correct item (if in stock) will be shipped to you via priority delivery.

Please make sure to keep the item in its current condition with all tags and packaging until pickup. Don't worry — we'll get this sorted for you!

If you need further assistance, feel free to call us at 1800-208-9898 or use the in-app chat."

Pair 6: COD availability

Customer Email:
"Hi, I want to order a mixer grinder but I want to pay cash on delivery. Is COD available for my pin code 783301 (Assam)?"

Chatbot Response:
"Hi! Cash on Delivery (COD) availability depends on your specific pin code and the product.

Here's how to check if COD is available for your order:

1. Go to the mixer grinder product page on the ShopEase app or website
2. Enter your pin code (783301) in the delivery/pin code field
3. The page will show whether COD is available along with estimated delivery dates and shipping options

A few things to note about COD:

- COD is available for orders up to ₹50,000
- Not all pin codes support COD, especially in some remote areas
- A small convenience fee of ₹20-₹50 may apply for orders below ₹499
- You can pay the delivery executive via cash, card swipe, or UPI at the door

If COD is not available for your pin code, you can use other payment methods like UPI (Google Pay, PhonePe), debit/credit card, net banking, or even ShopEase Pay Later (buy now, pay next month).

If you'd like, you can also check if No-Cost EMI is available on the mixer grinder to spread the cost over easy monthly instalments with no extra interest.

Let me know if you need any more help!"

Pair 7: Damaged item received

Customer Email:
"My order of a ceramic dinner set arrived today and 3 plates are broken. The box was also dented. Order ID SE-6183947. I need a replacement or refund."

Chatbot Response:
"Hi! I'm so sorry to hear that your ceramic dinner set arrived damaged. That must be really frustrating.

Since the item was damaged during shipping, here's what you should do right away:

1. Take photos of the damaged plates, the dented outer box, and the packaging from multiple angles (if you haven't already). Photos are very important for processing your claim.
2. Go to 'My Orders' > Select order SE-6183947 > Tap 'Return'
3. Select 'Received damaged product' as the reason
4. Upload the photos of the damaged items and packaging
5. Choose your preferred resolution:
    - Full refund to your original payment method or ShopEase Wallet
    - Free replacement of the same dinner set (subject to availability)
6. Schedule a free return pickup

Important: Please do not discard the damaged items or packaging until the return is fully processed.

Return shipping is completely free for damaged items, and no deductions will be made from your refund.

Since shipping damage must ideally be reported within 48 hours of delivery, it's great that you're reaching out today. We'll make sure this gets resolved quickly.

If you need immediate assistance, you can also call us at 1800-208-9898. We're here 24/7!"

Pair 8: How to apply coupon

Customer Email:
"I have a coupon code SAVE200 but I don't know where to enter it. Also, can I use two coupons on one order?"

Chatbot Response:
"Hi! Great that you have a coupon to use! Here's how to apply it:

1. Add all the items you want to buy to your cart
2. Go to the cart page and proceed to checkout
3. You'll see an 'Apply Coupon' section — click on it
4. Enter the coupon code SAVE200 in the text field (coupons are case-sensitive, so type it exactly as shown)
5. Click 'Apply' — the discount will be reflected in your order total

A few things to keep in mind:

- Only one coupon can be applied per order. Unfortunately, you cannot stack or combine two coupon codes on a single order.

- Some coupons have a minimum order value requirement (e.g., 'Valid on orders above ₹999')
- Coupons may be category-specific (valid only on fashion, electronics, etc.) — check the coupon terms and conditions
- Coupons have an expiry date, so make sure yours is still valid

However, you can usually combine a coupon with a bank offer (e.g., 10% off on HDFC cards). Bank offers are applied separately at the payment stage and don't conflict with coupon codes.

You can also check 'My Coupons' in your account to see all available offers.

Let me know if you run into any issues applying the code!"

Pair 9: Delivery delayed

Customer Email:
"My order was supposed to be delivered 3 days ago but it still shows 'In Transit.' It's been 10 days since I ordered. I'm very frustrated. Order SE-8462019."

Chatbot Response:
"Hi! I completely understand your frustration, and I apologize for the delay in delivering your order SE-8462019.

Shipment delays can sometimes occur due to reasons like weather disruptions, logistics hub congestion, high-volume periods, or issues with the delivery route. While these are uncommon, we know it's inconvenient.

Here's what you can do:

1. Check the latest tracking status: Go to 'My Orders' > Select order SE-8462019 > 'Track' to see the most recent update and location of your package.
2. If tracking shows no movement for 48+ hours, I recommend contacting our support team right away. They can investigate with the logistics partner and provide a specific update.
3. Since your order is delayed more than 5 days beyond the estimated delivery date, you have these options:
    - Continue waiting – we'll prioritize getting it to you
    - Cancel the order for a full refund (including any shipping charges you paid)

If you paid for express or same-day delivery and the order wasn't delivered within the promised timeframe, the delivery fee will also be refunded.

You can reach our support team 24/7:

- Phone: 1800-208-9898 (toll-free)
- In-app chat: Go to Help section in the ShopEase app

We sincerely apologize for the inconvenience and want to make sure this gets resolved for you quickly!"

Pair 10: Non-returnable item query

Customer Email:
"I bought a perfume from ShopEase and it smells different from what I expected. Can I return it?"

Chatbot Response:
"Hi! I understand your concern about the perfume not matching your expectations.

Unfortunately, personal care and beauty products (including perfumes, deodorants, skincare, and cosmetics) fall under our non-returnable category once the packaging has been opened or the product has been used. This policy is in place due to hygiene and safety reasons.

However, there are exceptions:

- If the product is sealed and unopened with intact packaging, you can return it within the 7-day return window
- If you believe the product is defective, expired, or counterfeit (e.g., the scent is completely different from the brand's known fragrance, suggesting a possible fake), you can report it through 'My Orders' > Select the item > 'Report Issue' > 'Suspected counterfeit.' In this case, we'll investigate and process a full refund if the claim is verified
- If the product appears to be materially different from the product listing (wrong variant, wrong fragrance name, etc.), you can raise a return as 'Item not as described'

If the perfume matches the listing and is the correct product but simply doesn't suit your personal preference, unfortunately a return won't be possible.

I know this isn't the answer you were hoping for, but I hope it helps clarify our policy. If you believe there's a genuine product issue, please don't hesitate to report it and we'll look into it right away!

You can reach us at 1800-208-9898 if you'd like to discuss further."

Pair 11: Payment failed but money deducted

Customer Email:
"I tried to order a t-shirt and my payment of ₹799 was deducted from my bank account but the order shows failed. What happened to my money?"

Chatbot Response:
"Hi! I understand how worrying it is when money is deducted but the order doesn't go through. Don't worry — this is a common occurrence and your money is safe.

Here's what typically happens:

- When a payment fails midway due to a network issue, bank timeout, or session expiry, the money is temporarily held by your bank
- In most cases, the amount is automatically reversed to your bank account within 5-7 business days
- No order has been placed, so there's nothing to cancel on your end

What you should do:

1. Check 'My Orders' — if the order shows as 'Failed' or 'Cancelled,' no order was placed and the refund will happen automatically
2. If the order shows as 'Confirmed,' that means the payment actually went through successfully and your order is being processed!
3. Wait for 5-7 business days for the automatic reversal

If the amount is not reversed after 7 business days:
Contact our support team with:

- Your order ID (if available) or the date and time of the transaction
- Transaction reference number from your bank/UPI app
- Screenshot of the debit from your bank statement

You can reach us at 1800-208-9898 or through in-app chat, and we'll help trace the transaction with the payment gateway.

In the meantime, you can place a fresh order for the t-shirt using any payment method. Hope this helps!"

Pair 12: How EMI works

Customer Email:
"I want to buy a washing machine for ₹25,000. Can I pay in EMI? How does No-Cost EMI work? Will I pay extra interest?"

Chatbot Response:
"Hi! Great question — yes, you can absolutely purchase the washing machine on EMI!

How EMI Works on ShopEase:

1. Add the washing machine to your cart
2. At checkout, select 'EMI' as your payment method
3. Choose your credit card or debit card
4. Select the EMI tenure (3, 6, 9, or 12 months — options vary by bank and product)
5. The monthly instalment amount will be displayed

6. Complete the payment — the total amount is charged to your card, and your bank converts it to monthly instalments

About No-Cost EMI:
If the product is eligible for No-Cost EMI (look for the 'No-Cost EMI' badge on the product page), here's how it works:

- The interest that the bank would normally charge is offered as an upfront discount on the product price
- So effectively, you pay the same total amount as the product price — no extra interest!
- Example: ₹25,000 washing machine on 6-month No-Cost EMI = ₹4,167/month × 6 = ₹25,000 total

EMI is available on:

- Credit cards from most major banks (HDFC, ICICI, SBI, Axis, Kotak, etc.)
- Debit card EMI from select banks (HDFC, ICICI, Axis, SBI, Kotak)
- Cardless EMI options through Bajaj Finserv, ZestMoney, and ShopEase Pay Later

If you return an EMI item: The refund is processed to your credit card, and the EMI is cancelled by your bank within 7-10 business days. You may need to contact your bank to confirm EMI closure.

Check the product page for available EMI plans and banks. Let me know if you have more questions!"

Pair 13: Gift card query

Customer Email:
"I received a ShopEase gift card worth ₹2000 for my birthday. How do I use it? Does it expire? Can I use it along with my credit card?"

Chatbot Response:
"Hi! Happy Birthday! 🎂 That's a great gift! Here's everything you need to know about using your ShopEase gift card:

How to Use Your Gift Card:

1. Scratch or reveal the gift card code (a 16-character alphanumeric code + a PIN, if applicable)
2. Go to 'My Account' > 'Gift Cards' and enter the code to add it to your account balance
3. When placing an order, the gift card balance will appear as a payment option at checkout
4. Select it and apply the amount towards your order

Key Details:

- Expiry: Gift cards are typically valid for 12 months from the date of issue. Check the back of the card or the email for the exact expiry date.

- Combining with other payment methods: Yes! You can absolutely use the gift card along with a credit card, debit card, UPI, or any other payment method. For example, if your order is ₹3,000, you can pay ₹2,000 from the gift card and the remaining ₹1,000 via credit card.
- Partial use: If your order is less than ₹2,000, the remaining balance stays in your account and can be used on future orders.
- Non-refundable: Gift cards cannot be returned, refunded, or converted to cash.
- Not for resale: Gift cards are meant for personal use and cannot be resold.

If your order is refunded, the gift card portion of the payment is refunded back to your ShopEase Wallet/Gift Card balance.

Enjoy your shopping! Let me know if you need help finding something great to spend it on!"

Pair 14: Account security concern

Customer Email:
"I received an SMS saying my ShopEase order is confirmed but I didn't place any order. Is my account hacked?"

Chatbot Response:
"Hi! Thank you for alerting us — this is definitely something we take very seriously.

Immediate Steps You Should Take:

1. Log into your ShopEase account right away and go to 'My Orders' — check if there's an order you don't recognize
2. If there IS an unauthorized order, cancel it immediately (if it hasn't been dispatched yet) by going to 'My Orders' > Select the order > 'Cancel'
3. Change your password immediately: Go to 'Account Settings' > 'Security' > Change Password
4. Check your saved addresses — make sure no unfamiliar addresses have been added
5. Check your saved payment methods — remove any that you don't recognize

Important Security Tips:

- ShopEase will never ask for your OTP, password, or payment details via phone call, SMS, or email
- If someone called or messaged you asking for your OTP, your account may have been compromised through that
- Never click on suspicious links in SMS or emails claiming to be from ShopEase

If you see unauthorized activity:

- Contact our support team immediately at 1800-208-9898
- Request a temporary account freeze to prevent further unauthorized orders

- Report the incident via email to support@shopease.in with subject line 'Unauthorized Account Activity'

If it's a phishing SMS:
Sometimes fraudsters send fake order confirmation messages with suspicious links. If you checked your account and there's NO order, then the SMS might be a phishing/spam message — delete it and do not click any links.

Your account security is our top priority. Please reach out to us if you need any further assistance!"

Pair 15: How to check ShopEase Wallet balance

Customer Email:
"Hi, I returned a product last month and the refund was supposed to go to my ShopEase Wallet. How do I check my wallet balance and how can I use it?"

Chatbot Response:
"Hi! Checking and using your ShopEase Wallet balance is very easy. Here's how:

To Check Your Balance:

1. Open the ShopEase app or website
2. Go to 'My Account'
3. Tap on 'ShopEase Wallet'
4. Your current balance will be displayed along with a transaction history showing all credits and debits

To Use Your Wallet Balance:

1. Add items to your cart and proceed to checkout
2. On the payment page, you'll see 'ShopEase Wallet' as a payment option with your available balance
3. Toggle it on to apply the wallet balance towards your order
4. If the wallet balance covers the full amount, no additional payment is needed
5. If the order total exceeds your wallet balance, you can pay the remaining amount via UPI, card, net banking, or any other payment method

Good News About ShopEase Wallet:

- Wallet balance never expires
- Can be combined with any other payment method
- Refunds to wallet are processed instantly (within 2 hours of return approval)
- Can be used across all categories on ShopEase

If your refund from last month doesn't appear in your wallet, go to 'My Orders,' select the returned item, and check the 'Refund Status.' It should show whether the refund was credited and when.

If there's any discrepancy, feel free to contact us at 1800-208-9898. Happy shopping!"

Pair 16: Open Box Delivery question

Customer Email:
"What is Open Box Delivery? I'm ordering an expensive phone and I'm worried about getting a damaged or wrong product."

Chatbot Response:
"Hi! That's a great question, and Open Box Delivery is actually perfect for your concern!

What is Open Box Delivery (OBD)?
Open Box Delivery is a service where the delivery executive opens your package right in front of you at the time of delivery. This allows you to:

- Verify that you've received the correct product (right model, colour, variant)
- Check that the product is in perfect condition with no damage
- Confirm all accessories are present (charger, cable, earphones, etc.)
- If anything is wrong, you can refuse the delivery on the spot — the item goes back immediately

Available For:

- Mobile phones above ₹5,000
- Electronics above ₹10,000
- Select high-value items

How to Get OBD:

- If OBD is available for your product and pin code, you'll see an 'Open Box Delivery Available' badge on the product page
- The delivery executive will call you before delivery and open the package at your doorstep
- You inspect the product and then accept or refuse delivery

Availability:
OBD is currently available in select cities and pin codes. Check the product page when you enter your pin code to see if it's available for your area.

This is a great way to ensure peace of mind when ordering high-value items like phones. If OBD isn't available in your area, you can still report any issues within 48 hours of delivery and we'll resolve them with a full refund or replacement.

Let me know if you have any other questions before placing your order!"

Pair 17: SuperCoins query

Customer Email:
"What are SuperCoins? I see I have 450 SuperCoins in my account. What can I do with them?"

Chatbot Response:
"Hi! Great that you've been earning SuperCoins — they're like rewards for shopping on ShopEase!

What Are SuperCoins?
SuperCoins are loyalty rewards you earn on every prepaid order on ShopEase. They can be used for discounts, products, and partner offers.

Your Balance: You have 450 SuperCoins, which is equivalent to ₹450 in value (1 SuperCoin = ₹1).

How to Use Your SuperCoins:

1. Discounts on ShopEase orders: Use SuperCoins at checkout to reduce your order total
2. SuperCoin Zone: Visit the SuperCoin Zone in the app (My Account > SuperCoins > SuperCoin Zone) to browse exclusive deals, products, and offers available for redemption
3. Partner Offers: Redeem for exciting partner offers including:
    - OTT subscriptions (Hotstar, Zee5, etc.)
    - Food delivery credits (Swiggy, Zomato)
    - Travel discounts
    - And more!
4. ShopEase Gift Cards: Exchange SuperCoins for ShopEase Gift Cards

How You Earn More SuperCoins:

- 2-4 SuperCoins per ₹100 spent on prepaid orders
- Bonus SuperCoins on select products (look for the 'Earn Extra SuperCoins' badge)
- ShopEase Plus members earn at a higher rate

Important:

- SuperCoins expire 12 months from the date they're credited
- They are earned only on prepaid orders (not COD)
- They are credited after the return window for the order expires

Check your SuperCoin balance, earning history, and expiry dates under 'My Account' > 'SuperCoins.'

Enjoy your rewards!"

Pair 18: Change of mind return for electronics

Customer Email:
"I bought a Bluetooth speaker 5 days ago. It works fine but I don't like the sound quality. Can I return it?"

Chatbot Response:
"Hi! Thank you for reaching out about the Bluetooth speaker.

Since the speaker is working fine and your concern is about personal preference regarding sound quality, this would be considered a change-of-mind return. The good news is that electronics have a 10-day return window from the date of delivery, so you're within the return period!

Here's how to return it:

1. Go to 'My Orders' in the ShopEase app or website
2. Select the Bluetooth speaker order and tap 'Return'
3. Choose an appropriate reason (e.g., 'Quality not as expected' or 'Changed my mind')
4. Select your preferred refund method
5. Schedule a pickup

Please ensure:

- The speaker is in its original, unused condition (light testing is fine)
- All original packaging, accessories (charging cable, manual, etc.) are included
- All tags, serial numbers, and MRP stickers are intact
- The product is packed in its original box

Important to note:

- The item will go through a Quality Check (QC) at the warehouse. If it passes QC, your refund will be processed
- For change-of-mind returns, original shipping charges (if any) may not be refunded
- Return pickup is typically free for most serviceable pin codes

Make sure to initiate the return within the 10-day window from delivery. Let me know if you need any help!"

Pair 19: Invoice download

Customer Email:
"I need the invoice/bill for a laptop I purchased for my company's records. How do I get it?"

Chatbot Response:
"Hi! You can easily download the invoice for your laptop purchase. Here's how:

On the App:

1. Open the ShopEase app
2. Go to 'My Account' > 'My Orders'
3. Find the laptop order and tap on it
4. Look for the 'Download Invoice' option and tap it

5. The invoice will be downloaded as a PDF to your device

On the Website:

1. Log in at www.shopease.in
2. Go to 'My Account' > 'My Orders'
3. Click on the laptop order
4. Click 'Download Invoice'

Important Notes:

- The invoice is a GST-compliant invoice that includes the product details, price, GST breakup (CGST, SGST, or IGST), seller details, and your billing address
- The invoice is generated after the item is dispatched/delivered
- If you need the invoice for business/GST purposes, make sure you added your GST number (GSTIN) at the time of placing the order. If you forgot, unfortunately the GST number cannot be added after the order is placed
- For future orders, you can add your GSTIN during checkout under the billing details section

If you're unable to find the download option or need a revised invoice, please contact our support team at 1800-208-9898 with your order ID.

Hope this helps!"

Pair 20: ShopEase Plus membership question

Customer Email:
"What is ShopEase Plus? Is it worth it? I shop regularly on ShopEase almost every week."

Chatbot Response:
"Hi! Since you shop regularly on ShopEase, ShopEase Plus could be a great fit for you! Here's what you get:

ShopEase Plus Benefits:

- 🚚 Free delivery on ALL orders — no minimum order value! (This alone can save you a lot since you shop weekly)
- ⚡ Early access to sales — shop Big Billion Days, festive sales, and flash sales before everyone else
- 🪙 Extra SuperCoins — earn at a higher rate compared to regular members
- 🎯 Priority customer support — skip the queue and get faster resolutions
- 🏷️ Exclusive member-only deals and prices — special discounts visible only to Plus members
- 🎬 Free/discounted partner subscriptions — OTT platforms, music streaming, and more

Pricing: ₹999 per year (that's less than ₹85/month)

Is It Worth It?
If you shop weekly and spend on delivery charges (₹40-₹70 per order), you'd save approximately ₹2,000-₹3,600 per year on delivery alone — easily more than the membership cost! Plus the extra SuperCoins and exclusive deals add more savings.

How to Subscribe:

1. Go to 'My Account' > 'ShopEase Plus'
2. Select the membership plan
3. Complete payment
4. Benefits are activated immediately!

Cancellation Policy: You can cancel within 15 days for a full refund if you haven't used any Plus benefits. After that, the membership runs till the end of your subscription period.

Since you're a frequent shopper, I'd say it's definitely worth it! Let me know if you have any other questions."

Pair 21: Item out of stock

Customer Email:
"The shoes I want to buy are showing out of stock in my size. Will they come back? How do I know when they're available again?"

Chatbot Response:
"Hi! I understand the disappointment of finding your preferred size out of stock.

Here's what you can do:

1. Set a 'Notify Me' Alert:

- On the product page, you should see a 'Notify Me' button next to the out-of-stock size
- Click it and enter your email address or mobile number
- You'll receive an instant notification (via email, SMS, and app notification) as soon as that size is back in stock

2. Check Other Sellers:

- On ShopEase, multiple sellers may list the same product
- Scroll down on the product page to see if another seller has the size available
- Prices may vary slightly between sellers

3. Check Similar Products:

- The product page will show 'Similar Products' or 'You May Also Like' sections with comparable shoes from the same or different brands that are currently in stock

4. Add to Wishlist:

- Add the shoes to your wishlist so you can easily find them later
- You'll also receive price drop alerts if the shoes come back in stock at a lower price

Restocking Timelines:
Unfortunately, we can't guarantee exactly when a specific size will be restocked, as it depends on the seller and the brand. Popular sizes tend to get replenished during sales events.

I hope the shoes come back in stock soon! Let me know if you'd like help finding alternatives in the meantime."

Pair 22: Multiple items in one order with different delivery dates

Customer Email:
"I placed one order with 3 items but I got only 1 item delivered. Where are the other 2? Are they lost?"

Chatbot Response:
"Hi! Don't worry — your other items are most likely NOT lost. Here's what usually happens:

When you order multiple items in a single order, they may be shipped separately from different warehouses or different sellers. This means:

- Each item may have its own tracking ID and delivery date
- Items may arrive on different days

How to Check:

1. Go to 'My Orders' in the ShopEase app or website
2. Click on your order — you should see each item listed separately
3. Each item will have its own tracking status (e.g., 'Dispatched,' 'In Transit,' 'Delivered')
4. Check the tracking and estimated delivery date for the remaining 2 items

Common Scenarios:

- If the other items show 'Dispatched' or 'In Transit', they're on their way and will be delivered separately
- If they show 'Not Yet Dispatched', the seller is still processing them — check the expected dispatch date
- If they show 'Delivered' but you haven't received them, follow the steps in Section 3.6 (contact support after 24 hours)

You'll receive separate SMS and app notifications for each item's delivery.

If the tracking for the remaining items hasn't been updated for more than 48 hours, or if you have any concerns, please contact our support team at 1800-208-9898 with your order ID and they'll investigate.

Hope the other items reach you soon!"

Pair 23: Product authenticity concern

Customer Email:
"I bought a branded perfume from ShopEase but I think it might be fake. The packaging looks slightly different from what I've seen in stores. How can I verify?"

Chatbot Response:
"Hi! I understand your concern about product authenticity — we take this very seriously.

If you suspect the product is counterfeit or fake, here's what to do:

1. Do not use or consume the product until the issue is resolved
2. Go to 'My Orders' > Select the perfume order > 'Need Help' or 'Report Issue'
3. Select 'Suspected counterfeit/fake product' as the reason
4. Upload clear photos of:
    - The product itself
    - The packaging (front, back, sides)
    - MRP tag and barcode
    - Batch number / manufacturing details
    - Any authenticity markers (holograms, QR codes, etc.)
5. Submit the report

What Happens Next:

- Our team will investigate the claim, which may include verifying with the brand or seller
- If the product is confirmed to be counterfeit, you'll receive a full refund and free return pickup
- The seller may be penalized or permanently removed from the platform

ShopEase Assured Products:
If the perfume had the 'ShopEase Assured' badge, it means it was quality-checked and is guaranteed to be 100% authentic. In rare cases, even Assured items can have packaging variations due to different manufacturing batches or regions — but the product inside should be genuine.

Tips to Verify Authenticity:

- Check the brand's official website for authenticity verification tools (many brands have QR codes or batch number lookup)
- Compare with the official brand photos online
- Some brands have SMS verification — send the batch number to their verification number

ShopEase has a zero-tolerance policy for counterfeit products. Please don't hesitate to report it — we'll resolve it quickly.

You can also call us at 1800-208-9898 for immediate assistance."

Pair 24: Returning a fashion item with tags removed

Customer Email:
"I want to return a dress I bought but I accidentally removed the tags while trying it on. Can I still return it?"

Chatbot Response:
"Hi! I understand — it's easy to accidentally remove tags while trying on an item.

Unfortunately, for fashion and apparel items, having all original tags intact (brand tags, price tags, ShopEase tags, and barcodes) is a key requirement for returns. Here's what might happen if tags are removed:

If Tags Are Removed:

- The item will go through Quality Check (QC) at the warehouse
- If the QC team finds that tags are missing, the return may be:
    - Rejected — the item will be shipped back to you at no additional cost, and no refund will be issued
    - Partially refunded — in some cases, a partial refund may be offered with a deduction

My Recommendation:

- If you still have the tags, try to reattach them (if they're not damaged)
- If the tags are completely lost, you can still try initiating the return and explain the situation — each case is reviewed individually
- When you initiate the return, be honest about the condition to avoid delays

For Future Reference:
When trying on clothes from ShopEase, we recommend keeping the tags attached (you can tuck them in while trying on). Only remove tags once you're fully satisfied with the fit and quality and have decided to keep the item.

I know this is frustrating, and I'm sorry for the inconvenience. If you'd like to try the return anyway or need more guidance, feel free to reach out to us at 1800-208-9898 — our team can advise you on the specific situation."

Pair 25: Bulk/wholesale order inquiry

Customer Email:
"I run a small business and I want to order 50 pieces of a particular t-shirt for my staff. Does ShopEase offer bulk or wholesale pricing?"

Chatbot Response:
"Hi! Thank you for considering ShopEase for your bulk order.

ShopEase is primarily a retail e-commerce platform and doesn't have a dedicated bulk/wholesale ordering system. However, here are some options:

1. Regular Orders:

- You can place orders for multiple quantities of the same item through the app/website
- Some sellers may have maximum quantity limits per order (e.g., max 5-10 units per order)
- You may need to place multiple orders to reach 50 pieces

2. Contact the Seller Directly:

- On the product page, check if the seller has a 'Seller Details' section
- Some sellers offer bulk pricing if contacted directly
- You can ask questions to the seller through the 'Ask a Question' feature on the product page

3. ShopEase for Business (if available):

- ShopEase may offer a business buying program for bulk/corporate orders
- Check www.shopease.in/business or contact business@shopease.in for more details
- Business accounts may offer GST invoicing, bulk discounts, and dedicated account management

4. Things to Consider:

- Returns for bulk orders follow standard return policy — each item is treated individually
- For 50 t-shirts, you may want to order a few pieces first to verify quality, size consistency, and colour before committing to a large order
- GST invoicing is available — add your GSTIN at checkout for tax input credit

I'd recommend reaching out to business@shopease.in with your specific requirements, and our team can guide you on the best approach.

Let me know if you have any other questions!"

Pair 26: Product comparison/recommendation

Customer Email:
"Can you tell me which phone is better - Samsung Galaxy M34 or Redmi Note 13? I'm confused."

Chatbot Response:
"Hi! Thank you for reaching out! I appreciate you considering ShopEase for your next phone purchase.

However, as ShopEase's customer support, I can help you with order-related queries like placing orders, returns, refunds, delivery, payments, and account issues. I'm not equipped to provide personal product recommendations or comparisons, as that would require detailed knowledge of your specific needs and preferences.

Here's how you can compare and decide on ShopEase:

1. Compare Feature on Product Pages: On the ShopEase app/website, many phone listings have a 'Compare' option. Add both phones to compare their specifications side-by-side (display, camera, battery, processor, RAM, etc.)
2. Customer Reviews & Ratings: Check the ratings and detailed reviews from verified buyers for both phones. Look for reviews from people with similar use cases as yours.
3. Q&A Section: Each product page has a 'Questions & Answers' section where existing buyers answer questions. You can also post your own question.
4. Expert Reviews: Look for 'Expert Review' or 'Buying Guide' sections on the product pages for editorial insights.
5. Filter & Sort: Use filters like price, rating, brand, and features to narrow down your choice.

If you have any questions about ordering, payment options (like No-Cost EMI), delivery, or anything else related to purchasing on ShopEase, I'm happy to help!

Happy phone shopping! 📱"

Pair 27: Address correction after dispatch

Customer Email:
"I just realized I selected the wrong address for my order! It's going to my old address. The order has already been dispatched. Order ID SE-7294018. Please help!"

Chatbot Response:
"Hi! I understand the urgency — let's see what we can do about order SE-7294018.

Unfortunately, once an order has been dispatched, the delivery address cannot be changed through the app or website. However, here are some options:

Option 1: Contact Support Immediately
Call our support team right away at 1800-208-9898 or use the in-app chat. If the package hasn't reached the local delivery hub yet, our logistics team may be able to update the delivery address. This isn't guaranteed, but we'll try our best.

Option 2: Contact Someone at the Old Address
If possible, reach out to someone at your old address (former roommate, landlord, current tenant) and ask them to accept the package on your behalf or to refuse the delivery.

Option 3: Refuse Delivery
If the delivery executive calls you before delivery (they usually do), inform them that the address is incorrect and request them not to deliver. The package will be returned, and a refund will be processed.

Option 4: Accept and Return
If the package gets delivered to the old address and someone accepts it, you may need to retrieve it and initiate a standard return if you no longer want the item.

For Future Orders:

- Double-check your delivery address before placing each order
- Keep your address book updated by going to 'My Account' > 'My Addresses' and removing old addresses
- Set your current address as the default

Please call 1800-208-9898 as soon as possible — the sooner we know, the better the chances of updating the delivery. I hope we can get this sorted for you!"

Pair 28: International shipping query

Customer Email:
"I'm based in Dubai. Can I order from ShopEase and get it delivered to my address in UAE?"

Chatbot Response:
"Hi! Thank you for your interest in shopping on ShopEase!

Currently, ShopEase delivers only within India. We do not offer international shipping to the UAE or any other country outside of India at this time.

Possible Alternatives:

1. Deliver to an Indian Address: If you have a friend or family member in India, you could place the order to their Indian address and arrange for them to forward it to you through a private courier service.
2. Package Forwarding Services: Some third-party package forwarding companies provide an Indian address where you can ship your ShopEase orders, and they then forward the package internationally to your address in Dubai. (Note: ShopEase is not affiliated with these services and cannot guarantee their quality.)
3. Check ShopEase Global (if available): ShopEase may periodically launch international shipping pilots. Check the website or app for any announcements about global shipping.

Important Notes:

- If using a forwarding service, any customs duties, import taxes, and international shipping charges would be your responsibility
- Returns for forwarded orders may be complicated since our return pickup only operates within India
- COD is not available for such arrangements

I know this isn't the answer you were hoping for, but I hope one of the alternatives helps! If you have any other questions, feel free to ask."

Pair 29: Exchanging a gift

Customer Email:
"My sister gifted me a watch from ShopEase but it's not my style. I don't want to tell her. Can I exchange it for something else without her knowing?"

Chatbot Response:
"Hi! That's a thoughtful concern — you don't want to hurt your sister's feelings!

Here's the situation with exchanging gifts on ShopEase:

If You Have Access to the Order:
If the order was placed from your sister's ShopEase account, only she can initiate a return from her account. You would need her cooperation (or access to her account) to process a return. She would receive all refund/return notifications.

If the Order Is on Your Account:
If she ordered it to your address but from her account, you won't be able to initiate a return directly.

Exchange Limitations:

- ShopEase does not offer direct exchanges for different products. To get a different watch or item, the original would need to be returned for a refund, and then a new order placed for the item you prefer
- Refund goes back to the original payment method used by the purchaser (your sister)

Possible Solutions:

1. Ask your sister discreetly — she might be happy knowing you'd prefer something else and can initiate the return from her account. Many gifters prefer their gift to be loved!
2. If the watch has a 'Gift Receipt' or was marked as a gift, some items allow the recipient to initiate a return for ShopEase Wallet credit (not a refund to the original payment). Check with customer support at 1800-208-9898 to see if this option is available for the specific order.
3. If the return window is still open (check the product's return policy — fashion accessories typically have a 30-day window), time is on your side.

I'd recommend calling our support team at 1800-208-9898 with the order details — they can guide you on the best approach for your specific situation.

Hope you find something you love! 😊"

Pair 30: Complaint about delivery executive

Customer Email:
"The delivery person was very rude when he came to deliver my order today. He threw the package at my door and didn't even wait for me to come out. I want to complain."

Chatbot Response:
"Hi! I'm really sorry to hear about your unpleasant experience with the delivery executive. That kind of behaviour is absolutely unacceptable, and we take such feedback very seriously.

To Report This Issue:

1. Through the App:
    - Go to 'My Orders' > Select the order that was delivered today
    - Tap 'Need Help' or 'Rate Your Delivery'
    - If there's a delivery rating option, give your feedback and mention the rude behaviour
    - You can also describe the incident in detail
2. Contact Customer Support:
    - Call 1800-208-9898 and report the delivery executive's behaviour
    - Provide your order ID, the date/time of delivery, and a description of what happened
    - The team will escalate this to the logistics operations team
3. Email:
    - Send an email to support@shopease.in with the subject line 'Complaint About Delivery Executive'
    - Include your order ID, delivery date, and details of the incident

What Happens Next:

- Your complaint will be logged and escalated to the logistics team
- The delivery executive's performance record will be reviewed
- Appropriate action will be taken, which may include a warning, retraining, or removal from delivery services
- You may receive a follow-up from our team

Regarding the Package:
If the package was damaged due to mishandling (being thrown), please check the contents immediately. If any items are damaged, initiate a return through 'My Orders' and select 'Damaged product' — you'll receive a full refund or free replacement.
